

# EDGER DISCS & MORE

Developed Specifically for the Wood Flooring Industry

WOOD

## 6" EDGER DISCS (PAPER) 100/BOX\*

**SIC** Silicon Carbide Paper (Black) is the sharpest and fastest cut. **"F" Weight Paper Backing - Not "E" Weight** used by other manufacturers. **Heavier weight paper Lasts Longer, Less Tear Out and Better Grit Retention.** Fast cutting and leaves a great finish! Brittle mineral fractures easily when loaded creating new sharp cutting edges. Best pricing in the industry.

**"F" Weight Paper**  
Lasts Longer,  
Less Tear Out  
and Better Grit  
Retention!

## WAFFLE DISC XTREME LIFE (CLOTH) 100/BOX

Out performs and outlasts the competition. Innovative design allows waffle ears to ride over over-wood and deflect over contours instead of ripping or tearing the sandpaper and scratching the floor. Cuts out chatter and edger marks. Works wonders on pre-finished floors and will not remove spring wood like over-the-counter paper discs. These cloth backed resin discs will outlast paper 20-1 and save you time and money. 4 1/2" (114mm) with hook and loop backing (for easy replacement) and can be used wet or dry.

**1 Surface Prep**  
24 or 36 grit waffle discs to remove paint, old finish, wax, glue, rust and scale.

**2 Overwood**  
40 or 60 grit waffle discs to remove scratches, light paint and old light finish.

**3 Hardwood**  
80, 100 or 120 grit waffle disc to remove edger and chatter marks.

**4 Final Sanding**  
Use 150, 180 and then 220 grit waffle disc for final sanding.
