

Ideal for Wood • Concrete • Stone

ROAD RUNNER

Terrazzo • Stone • Ceramic Tile • Linoleum • Marble

Great for Wood Floors!

- Burnishing Oil or Wax Finishes
- Burnishing Acrylic Impregnated Floors
- High Speed provides fast, efficient, economical results

ROAD RUNNER is the first totally variable speed brushless gear motor floor machine that operates at any speed from 70 to 700 rpm.

When used with the **SATELLITE**, it offers polishing and grinding speeds up to 2400RPM.

The 3.5 HP 240V motor delivers 3 times the normal torque of traditional motors for smooth, steady use. Built on the **CENO Xtreme** super-strong chassis with polished cast aluminum and the **CENO Xtreme** gear box.

- Use the Road Runner with Satellite for high speed polishing, honing, crystallization and vitrification.
- Use the Road Runner with brush or pad driver stripping and scrubbing at low speed.
- Use Magic Box option to run on 120V

Optional
RABBIT
HEPA
Handle Vac
HVAC
Pg. 10

FREE
Dust
Control
CM320

Includes:
