# "DSD" DOUBLE SIDED DISCS

10 per BOX

SIZE	PART #	QTY.
15"	KZ135-(GRIT)	10
16"	KZ121-(GRIT)	10
17"	KZ122-(GRIT)	10

GRITS 40, 50, 60, 80, 100, 120, 150, 180

**Diamond Back™ "DSD" with "clean out cuts", finger cuts in the disc to clean resins & abrasive hitchhikers that load the disc causing numerous swirl marks & scratches in the floor. Double Sided Discs are made with "F" Weight Paper Backing - Not "E" Weight like the competition. Heavier Weight Paper Lasts Longer, Less Tear Out & Better Grit Retention. Perfect for blending drum & edger marks. "DSD" are 3 times more durable, won't tear, wrinkle or split like single side discs or screens. "DSD" is the best product for flattening the floor. They can be used on a standard buffer with a pad driver or hard plate. "DSD" are made with Silicon Carbide that self-sharpens during the sanding process.**
