

Silicon Carbide Heavy "F" Weight Paper
Hook & Loop & PSA offers the fastest and sharpest cut of any mineral.

- Perfect for fine finish of cabinets & hardwood.
- Our silicon carbide paper is made with "F" Weight Paper, which lasts longer and holds the grit better.

ULTRA BLUE

Now with Durable Mylar Backing

Ultra Blue is a definite upgrade from standard sandpaper.
 • The economical way to refinish stone, Ultra Blue leads the way in productivity, durability and performance.
 • Extremely tough, long lasting, high performing premium P grade aluminum oxide abrasive grain, applied on superior mylar film backing.
 • Extremely fast and uniform cuts. • A special top coat prevents clogging.
 • Can be used wet or dry.

FINISHRITE ROLLS

2 3/4" X 40 YD ROLLS
KZ136-(GRIT)

ULTRA BLUE AVAILABLE IN
 120, 180, 240, 320, 400 GRIT

- **120 Grit** - Creates a fine finish on raw wood
- **180 Grit** - Used between coats of oil or poly for abrading or after first seal coat.
- **240 Grit** - Used to cut down grain raises prior to the final coat.
- **320-400 Grit** - Used for ultra fine finish with water finish

- **FINISHRITE ROLLS** can be used for fine sanding or between coats utilizing a maroon pad and PSA Finishrite Roll abrasives that can be applied in many configurations.
- Abrades finish and removes grain raise without removing the finish.
- **FINISHRITE PADS** contain a light abrasive 360 grit designed to recondition Wood Floors, Stone, Marble Tiles & concrete prior to re coating, or between coats; or to remove any contaminates in the previous finish.
- Removable 7" center can be used on an edger.

3/8" THICK PAD MAROON PAD 360 GRIT 10/BOX

- **RE-FIN (SIZE)** 7", 15", 16", 17", 19", 20"
- **RE-FS (SIZE)** 12x18", 14x20", 14x28", 14x32"

6" EDGER DISCS PAPER & CLOTH

SIC Silicon Carbide Paper (Black) is the sharpest and fastest cut. "F" Weight Paper Backing - Not "E" Weight used by other manufacturers. Heavier weight paper Lasts Longer, Less Tear Out and Better Grit Retention. Fast cutting and leaves a great finish! Brittle mineral fractures easily when loaded creating new sharp cutting edges. Best pricing in the industry.

Cloth discs are made with a cloth/double resin backing, and are extremely durable and less likely to tear. Lasts 10 times longer than standard paper with fewer paper changes.
