**Helpful Tips**  
Use a 17" Pad on your 16" Pad Driver (or a 20" Pad on your 19" Pad Driver) to get closer to the wall, saving time and labor.

## Hoggs Hair Premium Pads

● **REHH-size** ● **KPHH-size** Wood, Vinyl, Stone, Concrete  
Blended Natural Fiber Floor Pad Gives a "Wet Look" shine. Made with a blend of natural fiber and polyester. Both fibers create a unique floor pad. Will not glaze over. To clean just brush away dry wax with the die cut center.

## Reflexon 202 - Burnish/Clean 178-300

● **RE202-size** ● **KP202-size** Vinyl, Stone, Concrete  
Multiple Burning - Medium Finish. A lighter blend of natural and synthetic fibers than the Hoggs Hair. Designed for more frequent use than Hoggs Hair with highly responsive finishes.

## Reflexon 303 - Burnish 300-1200

● **RE303-size** ● **KP303-size** Vinyl, Stone, Concrete  
Designed to produce a very brilliant "Wet Look" shine with medium-soft finishes. Works well with ultra high speeds of 1500-3000rpm. Made from high tech resins, fibers, and light mix of natural fibers.

## Reflexon 404 - Burnish Max. 1200

● **RE404-size** ● **KP404-size** Vinyl, Stone, Concrete  
High speed floor Pad with a lighter blend of natural & synthetic fibers than Hoggs Hair pad. For frequent use with highly responsive finishes.

## Reflexon 505 - Burnish 1500-2000

● **RE505-size** ● **KP505-size** Vinyl, Stone, Concrete  
Totally Synthetic, non aggressive floor pad designed for burnishing & polishing with a high speed or ultra high speed floor machine. The rubberized coating creates friction to repair softer finishes. Creates a High Gloss shine.

## Reflexon 707 - Burnish 3000+

● **RE707-size** ● **KP707-size** Vinyl, Stone, Concrete  
New! Very soft dense burning pad of fine synthetic fibers to deal with some of the new finishes on the market. Designed for frequent burnishing with machines of 1100rpm or more.

## Reflexon White Premium - Polish

● **RE-WHITE-size** ● **KP-WHITE-size** Wood, Vinyl, Stone, Concrete  
Popular extra fine pad for polishing clean, dry floors with slow speed machines (350-800rpm). Clean with a fine water mist to create a high gloss WET look. Great for polishing laminated or acrylic finished wood floors. Holds screens tight and contours the wood floors for exceptional contract while screening.

## Reflexon Black Strip X - Aggressive Strip

● **RE-STRIP X-size** ● **KP-STRIP X-size** Vinyl, Stone, Concrete  
Our most aggressive abrasive pad. Works extremely well in problem areas. Open weave construction enables pad to hold more load without clogging in heavy build up situations. Great for Final Step removal of glue and adhesives from concrete floors with strong stripping solution prior to polishing.

## Reflexon Brown - Dry Strip

● **RE-BROWN-size** ● **KP-BROWN-size** Wood, Vinyl, Stone, Concrete  
Aggressive pad designed for dry stripping floor finish. Fibers throughout the pad are coated with high quality abrasives for a fast efficient job.

## Reflexon Black - Wet Strip

● **RE-BLACK-size** ● **KP-BLACK-size** Vinyl, Stone, Concrete  
Very aggressive stripping pad. Designed for wet stripping. High quality abrasive and materials make this an efficient tool for complete floor finish removal.

## Reflexon Green - Scrub/Clean

● **RE-GREEN-size** ● **KP-GREEN-size** Vinyl, Stone, Concrete  
Medium Abrasive pad for wet scrubbing. Removes embedded soil and black marks found in heavy traffic areas.

## Reflexon Red - Lt. Scrub/Polish

● **RE-RED-size** ● **KP-RED-size** Wood, Vinyl, Stone, Concrete  
Light Abrasive pad for spray buffing to Satin gloss. Open fibers help pads from glazing over.

## Reflexon Blue - Lt. Strip Wet/Dry

● **RE-BLUE-size** ● **KP-BLUE-size** Wood, Vinyl, Stone, Concrete  
Highly abrasive and tear resistant with heavy duty stripping power. Unique fiber blend for long lasting durability.

## CSP-Green Concrete Strip Pad - Very Aggressive

● **CSP-size** ● **KPCSP-size** Concrete  
Maximum abrasive content, tear resistant and long wearing. Wide open mesh construction allows solutions to flow through without loading and build up. Highly aggressive, 5/8" thick is the toughest of them all. Removes most coating from concrete. Use with 175-300 RPM machines. Available only in 17" and 20".
