SCRAPER+plus™

Floor Prep Tool

Removes Cut Back

• Adhesives • Paint

• Epoxy • Thin Set

• Mortar • Plastic •

Elastomers • Tar •

Rubber • Fiberglass

• Soil • Asphalt • Ice

• Grease • Sealers •

and other Difficult to

Remove Contaminants

from Concrete Floors.

Fits Any Buffer

- "Adjustable Riser" for Lowest Machine Height & Center of Gravity. Perfect for Toe Kicks, Stability & Operator Handling.
- The Aircraft Grade Aluminum Plate is Virtually Indestructible.
- Spring Mounted Carbides Follow the Contour of the Floor Creating a Smooth Cut.
- 6 Flex Mounted Holders are Perfect for Uneven Concrete
- Each Head has 6 Carbide Blades with 8 Cutting Sides each.
- Environmentally Safe - Use Dry - No Dangerous Chemicals

GRIND

SCRAPER+plus™

SCARIFY

POLISH

SAND

CLEAN

PCD Trapezoids available to grind, scrap, remove paint, glue, epoxy & adhesives.

▶ Diamonds to grind or polish. Grits available 16 to 3000

Built with 6 free floating / Independent carbide edge scraper heads, each with 8 sided cutting blades. Removes cut back, glue, vinyl, paints, fiberglass, and epoxy with fast aggressive results

Choose from 16 different tools on rough concrete, designer stone, ceramic or wood in preparing for adhesives. Use the scarifier tools to remove gummy adhesives or to create a short blast look

Remove lippage and level floors wet or dry. Resin or Metal diamond discs. Begin with 50 to 8500 grit or until you receive the desired look

Use the Waffle Discs (Xtreme Sandpaper) to prepare concrete surfaces, sand hardwood, refinish outside decks, and sand joints and high spots on plywood

Mount 6 stiff nylon 46, 80, 120, 240, or 500 grit brushes to strip concrete, re-coat hardwood, and remove the heaviest soils, vinyl, grease, oil, wax, and oxidation
